The New Issue in Temperance "WHISKY MEDICINES."

THE VOICE, The Leading Temperance Paper, Sounds the Call to a New Crusade in the Following Article.

ANOTHER HEAD ON THE HYDRA." 'It is time attention was drawn to a of alcoholic traffic that seems to have been overlooked by those engaged in the crusade against the rum power If, as is believed and taught, alcohol is most dangerous when it fights in ambush, if it is most to be dreaded when it finds its first entrance to the system in the pleasant sauces and dishes of the home, then the form of alcoholic traffic in question is doubly dangerous, for it comes in the guise of medicine and attacks a sys-tem prepared by weakness to easily surrender to the assault. In many

PATENT MEDICINES which are largely consumed throughout the country, by all classes of people, there is a percentage of alcohol which puts them on a level with beer, rum and whisky as intoxicants. It is the sm ness only of the dose prescribed which prevents a prompt recognition of the in-toxicating effects of these so-called medicines by those who use them.

"It is safe to affirm that they are MEDICINES IN NAME ONLY. Their chief value lies in their alcoholic effect as a stimulant. In fact, those who know, attribute the benefits ascribed to contain. They are used largely by per-sons not in the habit of drinking liquors and the little dose taken three or four

What ought to be done at least is to compel every patent-medicine manufact-urer to put on the wrapper of his bottle the quantity of alcohol it contains. That would at least leave people to exercise their own judgments. More than that, no paper truly interested in temperance should print the advertisemen of any alcoholic medicine. It should be into this question, agitate it, and deal with the facts just as carnestly and honestly as other facts have been dealt

Appreciating the gravity of the issue raised by the strong statement of facts made in the foregoing article, we wish to call general attention to the fact that Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription

NO ALCOHOL, NO WHISKY, NO INTOXI-CANT OF ANY KIND.

These medicines are equally free from opium and other narcotics. They are in the strictest meaning of the words, temperance medicines. Of no other medicine, put up especially for woman's use can it be truthfully affirmed. as of Dr. Pierce's Favorite Prescription, that it contains neither alcohol nor opium

Pierce's medicines may only interest some of the readers of this article, the positive features of these medicines must be of interest to every one. The great value of "Golden Medical Discovery" in the cure of diseased or deranged co ditions of the stomach and digestive and nutritive organs is testified to by tens of thousands who have found health and thousands who have found health and healing in this great remedy. The "Disincreases the action of the bloodmaking glands, and by curing the dis-eases which corrupt and cripple the stomach and digestive and nutritive organs, it enables a full and pure supply of blood to be sent to every part of the body.

WOMEN KNOW ITS WORTH. Women who are always appreciative of benefits, have been especially appre-ciative of the benefits following the use of Dr. Pierce's Favorite Prescription. Its wonderful cures of irregularities, inflam-mations, ulcerations and female troubles, have caused women to name it, "that God-send to women." It is entitled to wear the "blue ribbon" of merit as well as the blue ribbon of temperance.
